Getting Kindle Books from Libby

Libby is made possible by your local library and built with ♥ by OverDrive.

With Libby, you can send most books to a Kindle or Kindle reading app.

1. Install Libby for Android, iOS, or Fire tablets from overdrive.com/apps/libby. Or, visit libbyapp.com in your Chrome, Firefox, Safari, or Edge browser.

2. In Libby, follow the prompts to find your library and sign in with a valid library card.

   To only see books that can be sent to Kindle, tap Preferences (in a list or in search results), then change Supports to Kindle and tap Apply Preferences.

4. Borrowed titles appear on your Shelf (📖). From there, tap Open Book, then tap Kindle. You'll be taken to Amazon's website to finish getting the book.

   • If you're signed into your Amazon account, verify the "Deliver to:" device and tap Get Library Book.
   • If you're not signed into your Amazon account, tap Get Library Book, sign in, and choose a device to deliver the book to.

Now you're ready to start reading on your Kindle. Happy reading!
